

ADJUSTABLE Y ADAPTOR

Ex db, Ex eb, Ex ta, IP65/66/68

for General Industrial and Hazardous Area Installations

Features and Benefits

- Precision manufactured from high quality brass (Marine Grade Electroless Nickel Plated™) available in aluminium or stainless steel 316/316L on request.
- Supplied with sealing gasket as standard.
- Fitted with a silicone O-ring as standard.
- Can be fixed in any position around a 360° circle.
- Available in Metric and BSPP male thread forms and Metric, BSPP, BSPT and NPT female thread forms

Technical Data

Adjustable Y Adaptor Type:

Material:

IECEx

ATEX

UKEX

Body and nut: Brass (Marine Grade Electroless Nickel Plated™) Aluminium, Stainless

Steel 316/316L on request.

Sealing gasket: Standard HDPE or Extreme Temp. PTFE

O-ring: Silicone

The installer should ensure that the materials are suitable for the Note:

installation environment.

Conditions for Safe Use

- The service temperature range of -20°C to +95°C (HDPE sealing gasket) or -60°C to +160°C (PTFE sealing gasket) shall not be exceeded.
- All adaptors are rated IP65 for any sealing arrangement. If an IP rating of IP66/67/68 is required then the supplied sealing gasket shall be used

CABLE TERMINATIONS

ADJUSTABLE Y ADAPTOR

 The locking nut must be fully tightened onto the male thread before installing the adaptor.

Ensure that the threaded entry on the equipment has a flat, square surface to engage the sealing gasket. Tighten the adaptor, complete with sealing gasket, into the equipment until it is fully secured noting the maximum torque figures in the table overleaf.

- 3. Unscrew the adaptor a maximum of 360° until it is pointing in the desired direction.
- 4. Hold the adaptor in the required orientation with a spanner and tighten the locking nut noting the maximum torque figures in the table overleaf.
- Check that the O-ring seal is not visible (this ensures that the required number of threads are engaged in the equipment). If the O-ring is visible then repeat steps 1 to 4 correctly.

6. Hold the Adjustable Y Adaptor flats using a spanner whilst fitting a cable gland to the female thread.
